

RACE WEEK -- FBG Sat Jun 13 -- A RACE

66.7 mi / 6,186 ft / 15 climbs / 76% unpaved (Mohican). Volume -55% from sharpen. Sleep is input #1. NO alcohol Tue-Fri.

DAILY SCHEDULE

Day	Session
Mon Jun 8	Walk + Core + Upper Push ULTRA-LIGHT (1 set/movement, ~10 min). TKEs + wrist hold.
Tue Jun 9	OPENERS -- 35-40 min Z2 + 3x3 min @ 195W (85% FTP). Leave feeling BETTER not tired.
Wed Jun 10	Easy run 30 min HR <135 OR easy spin 30 min Z2. Core. Bed by 10:30 PM.
Thu Jun 11	REST. Walk only if anything. Hydrate. Early bed.
Fri Jun 12	30 min spin + RACE PRIMER (4x1 min @ 207W / 2x30s @ 230W). PRE-LOAD DAY.
Sat Jun 13	RACE DAY -- FBG 100k. See plan below.
Sun Jun 14	Active recovery. Easy walk. Eat well. No structure.

KEY WORKOUTS

TUE OPENERS (~35 min): WU 12-15 min Z2 -> 3x3 min @ 195W (85% FTP) w/ 3 min rest -> CD. **RPE ceiling 7.** If it feels like real effort by rep 3, you went too hard. Remind, don't train.

FRI RACE PRIMER (~30 min): WU 15 min Z2 -> 4x1 min @ 207W (90% FTP) w/ 1 min rest -> 2x30s @ 230W (100% FTP) w/ 90s rest -> CD easy. Sharp, fast, fresh. Leave feeling like you could ride forever.

RACE DAY -- SAT JUN 13 -- PACING BY THIRDS

Miles	Phase	NP target	HR ceiling	Approach
0-22	DISCIPLINE	165-175W (IF 0.72-0.76)	140	Resist surge. Let people pass. Race starts mile 22.
22-44	RHYTHM	175-185W (IF 0.76-0.80)	145	Settle in. Climbs by RPE. Save matches (15 total climbs).
44-66	COMPETE	180-195W (IF 0.78-0.85)	go	Disciplined early = legs here when others aren't. Last 10 mi empty.

MENTAL APPROACH

Mantra: "Don't burn matches early. Spend them when it matters."

Early = stay disciplined; conservation IS the strategy. Middle = stay steady, eat and drink on schedule, notice climbs without fearing them. Late = compete; anyone who burned matches early is hurting now, you're not.
