WED OVER-UNDER -- 3x6 (FTP 230W) -- ~50 min total

Each 6-min block alternates **1 min @ 105% (241W) / 1 min @ 95% (218W)**, three pairs per block. 5 min easy between blocks. **Diagnostic intent:** Rep 1 = hard but doable. Rep 2 = truth-teller (does the "under" recover you, or are you drowning?). Rep 3 = can you come back? Cadence 88-95 on overs.
